Author Biography

Paula Kalaja is Professor Emerita in the Department of Language and Communication Studies at the University of Graz, Austria.

Field and have worked extensively on different issues surrounding language teacher emotions. These topics are studied within a wide range of contexts such as teacher education wellbeing among others. The book covers a is not just about the transmission of academic knowledge but also about inspiring students, building rapport experiences, and discuss the pedagogical implications of DMC theory, investigating whether it is possible to participants report having experienced DMCs and what appear to be common triggers initiating such learning. The studies explore the wider generalisability of DMCs, answering questions such as how many personal outcome. This book introduces the reader to cutting-edge theory and research in second language acquisition. Directed motivational currents (DMCs) are goal-directed motivational surges in pursuit of a much-desired
